JETRO is running a Business Support Center in India (BSCI) in New Delhi to support small and medium companies from Japan. BSCI will be working in close cooperation with Japan Cell to support and facilitate the entry of potential Japanese investors, especially from the SME sector. BSCI will provide following services to Japanese SMEs:

- i) Provide information on industrial structures, market shares and business practices in India with regard to procurement of raw materials, product sales and industry systems.
- ii) Provide information on the regulations and incentives from Central and State governments:
- iii) Provide an estimated cost of setting up operations in India.
- iv) Help in finding possible locations for permanent office according to Japanese SME's needs.
- v) Provide temporary offices that can be used up to 2 months.
- vi) Conference rooms and Business Library facility to entrepreneurs

JETRO Business Support Center Mumbai (BSCM)

A vibrant young economy, a surge in technology and increasing investment opportunities, India is fast emerging as one of the most lucrative and competitive market in the world. India today is the ground for unsurpassed business opportunities. Global brands are working aggressively to establish their footprints in India and be a partner in its exponential growth.

JETRO has kept its pulse at this changing face of world business dynamics and has been actively responsible for the increased business facilitations between Japan and rest of the world.

JETRO had opened BSCN (New Delhi) in July 2006 with a view to provide a conducive environment for Japanese investors interested in investing in India and since its inception 33 potential investors have already made decision to setup their business in India. With more Japanese companies eyeing the huge Indian market and with requests from the Indian government JETRO decided to open 2nd BSC in Mumbai this July.

The purpose of BSCM is to boost more investment from Japan especially to Maharashtra, Gujarat and Goa states i.e. Western India and also to support Delhi Mumbai Industrial Corridor (DMIC) plan, the joint project of the Government of India and Japan.
